Part numbers indicate range of width in inches. Pricing for larger sizes on request. These are suggested retail prices for a single lectern, without options, in our standard woods or in standard plastic laminates. Contact your dealer for a delivered quote that includes options, quantity discounts and freight.

A. MLP-32, Custom Cherry. This Prairie Style lectern is on levelers. Notice the rounded side panels that run straight to the back without a step. An optional base molding is applied on three sides. Options include locking doors, clock timer, halogen light, keyboard pullout and a document camera drawer. The logo is a waterjet engraved plate with a black infill. Reference MFI #71622

B. MLP-40, Natural Cherry. This lectern includes a height adjust lift. The logo is stainless steel, water etched and infilled with gloss enamel. There are separate compartments for CPU and rack. Options include recessed monitor mount, clock timer, halogen light, keyboard pullout and a large document camera drawer. Reference MFI #87822

C. MLP-49, Classic Walnut. A 49" wide lectern is designed for a computer system and a laptop. It is on casters, has a pullout keyboard and pullout work surface. There is fixed rack in both bays and an AC outlet on the backwall. A hidden rear panel gives access to equipment. There is a flip-up cord pass on the side. Reference MFI #65302

D. MLP-54, Gray Laminate. The lectern is designed for a computer system interfaced through a laptop. It is on casters, has a drop leaf shelf, document camera drawer, interior pullout shelf, removable rack box and a cable reservoir. The logo is laser engraved and painted. Reference MFI #78312
