Part numbers indicate range of width in inches. Pricing for larger sizes on request. These are suggested retail prices for a single lectern, without options, in our standard woods. Contact your dealer for a delivered quote that includes options, quantity discounts and freight.

**A. MRP-53, Brown Cherry.** A 53" wide, raised panel lectern with a touch panel monitor mount and control panel mount in the back wall. An extra long pullout work surface is mounted on heavy duty drawer slides. Other options include a keyboard shelf, standard doors, built-in racks and twin removable access panels which allow servicing the racks. This lectern is on levelers, has venting and floor access in each compartment. Reference MFI #66802

**B. MRP-30, Custom Walnut.** This 30" wide, raised panel lectern has a control panel monitor in the back wall and a halogen light. A work surface pulls out on the left and a document camera drawer on the right. The cabinet below has an adjustable shelf for equipment, is ventilated and has floor access. Pocket doors close the cabinet which is on casters. Reference MFI #98002

**C. MRP-53, Light Red Mahogany.** A 53" wide, raised panel lectern with an open monitor mount, control panel and a medium cable reservoir for laptop connection. Our new LED gooseneck light is mounted to the far right. There is a keyboard shelf, medium document camera drawer and both lower cabinets are fitted with removable rack boxes. This lectern is on casters and has floor access in both compartments. Reference MFI #47761
